Such problems range from population decrease, depopulation, global warming, alternative energies, preservation of traditional culture & heritage, to local revitalization, to name a few.

2. Donations will be used to improve student services/supports and commemorative events.

- In order to support students’ career development, AIU will enhance exchange events between current students and alumni. Career development lectures and corporate information sessions on campus will be organized.
- Scholarships for current students as well as international students will be enhanced.
- A humble commemorative ceremony and anniversary events will be organized, too.
